Conference Grants do not necessarily cover all the expenses related to participating in a given conference. A Conference Grant is a contribution to the overall travel, accommodation, and meal expenses of the selected Grantee.

Documentary evidence of the conference fee amount must be provided by the applicant and in kind, must be archived by the Grant Holder along with the relevant administrative documents.

Receiving your grant

If you have been selected as a YRI Conference Grant Recipient, you will receive your grant after the conference. After your conference, the eCOST System will automatically ask you to submit a Scientific Report, which you need to provide within 30 days after the Conference has ended. We will send the grant to your bank account once your scientific report has been approved.

In addition, we will ask you to present the results of your conference grant at the next Management Committee meeting or to write a short blog entry for our website. Please remember to ask someone to take a picture of you during your presentation so that we can showcase your involvement on our website and in our newsletter (with your prior consent, of course)
